## Suncorp responds to establishment of Royal Commission

---

Suncorp acknowledges the Government's establishment of a Royal Commission into the financial services sector, in the interests of maintaining confidence and stability in the Australian economy.

Suncorp CEO & Managing Director Michael Cameron said a strong, stable and competitive financial system is vital for all Australians.

"Any measures that arise from the Royal Commission which deliver improved outcomes for our insurance, banking and superannuation customers, are in everyone's best interests," Mr Cameron said.

"We are fully committed to supporting this Inquiry, as we have with all other inquiries that the Government has instigated, and will work hard to ensure our contribution is valuable.

"It is important the Inquiry includes the non-ADI lenders, is not open ended, and reports back in a timely manner so that the sector can have certainty moving forward.

"Our people work hard every day to deliver good customer outcomes and this will continue to be our focus throughout this process," Mr Cameron said.
